G.P.A.: 8.5/10 (Distinction)

- Entrepreneurship, Business in the Digital Age, Digital Marketing, HR Management.

Geitonas School | High School

(September 2001 – June 2013)

G.P.A.: 19.3/20 (Distinction) | Excellence award received at each year of studies.

- Mathematics, Physics, Economics, Development of Applications in Computing Environment.

Relevant Work Experience

Technical Researcher | Amazon Web Services | London, UK

(September 2018 – now)

- Review and improve architectural designs for reference solutions.
- Build templates that orchestrate launching of solutions.
- Write documents that describe and justify design choices of solutions.
- Work with Solutions Architects to investigate customer requirements.

Research and Development Intern | Software Improvement Group | Athens, GR & Amsterdam, NL

(October 2016 – April 2017)

- Developed new tools and methodologies that were incorporated in the company's consultancy practice.
- Conducted literature review and model development through iterations.
- Interviewed company's customers, who described their Information Systems and the value they were gaining from them.
- Presented to C-level executives, academics, consultants and external customers.

Research Associate | Software Engineering and Security (SENSE) Research Laboratory | Athens, GR

(May 2016 – June 2017)

- Participated in research projects in the field of Software Engineering under the supervision of Prof. Diomidis Spinellis.
- Contributed to topical discussions in Ph.D. research meetings.

Other Work Experience

Teaching Assistant | 2nd Coding Bootcamp, Alliance for Digital Employability | Athens, GR

(June 2017 – July 2017)

- Focused on code reviews and on explaining notions of programming to students.
- Programming topics covered: Design Patterns, Security on Web Applications, JUnit, Code Maintainability.
- Chosen as one of the top-three assistants by the students, based on their feedback.

PR and Marketing Volunteer | 12th Student Conference of the Department of Management Science and Technology | Athens, GR

(October 2014 – May 2015)

- Responsible for informing the academic community about the conference.
- Persuaded the top Master's and Ph.D. students to submit their papers, contributing to the organization of a high-quality conference.
- Coordinated my colleagues at the day of the event.
